Speaking of Shakespeare...

About The Speech & Stuttering Institute

We are The Speech & Stuttering Institute and we provide excellent clinical services; we educate and train professionals in the field and throughout the province; and we engage in breakthrough research to unearth the root causes of speech-related challenges in order to find the most effective treatment methods. We help children, youth and adults to overcome their communication disorders so that they can express themselves freely and without reservation.

About the production

SPEAKING OF SHAKESPEARE... will feature multi-disciplinary artists showcasing their talents with the common theme of Shakespeare in mind. Acclaimed singers, dancers, rappers, actors and painters have all developed unique and original presentations to share at this special event. Producer KRYSTAL KIRAN GARIB is a Canadian-born actress, singer and dancer who has appeared in film, television, commercials, and theatre. Past credits include performing in the World Premiere Cast of THE LORD OF THE RINGS in Toronto and dancing alongside John Travolta in the 2007 hit movie-musical HAIRSPRAY! Live stage performances include shows with Alicia Keys, Jennifer Lopez and Jann Arden. Krystal grew up with the challenge of a stutter and is grateful for an opportunity to give back to this cause.

Shakespeare was one of the greatest communicators of all time, so it is fitting that his genius should be directed in support of The Speech & Stuttering Institute, an organization that helps people to communicate!
